The female sexual response .....	61
Male sexual response .....	64
Female-male comparisons .....	66
Biology or psychology? .....	66
Lesbian sexuality .....	67
Is homosexuality biological? .....	69
<b>7. The Microscopic Self - a look at cells and tissues.....</b>	<b>73</b>
The parts of a cell .....	73
Cell structure supports cell function .....	77
The lifetime of a cell .....	77
Tissues .....	78
<b>8. Systems, Hormones &amp; Responses.....</b>	<b>81</b>
Homeostasis .....	83
The endocrine system .....	84
Chemical families of hormones .....	85
The hypothalamus and pituitary .....	86
Anterior pituitary hormones.....	88
Posterior pituitary hormones .....	90
Secondary gland function .....	90
The adrenal glands .....	91
The "fight-or-flight" response .....	92
The ovaries as secondary sex glands .....	94
Integrated hormone actions .....	94
<b>9. The Reproductive Cycle.....</b>	<b>95</b>
The menstrual cycle .....	95
Hormone changes during the cycle .....	97
Pads and tampons .....	100
Toxic shock syndrome .....	100
Menstrual discomforts .....	103
Premenstrual syndrome (PMS) .....	105
Endometriosis .....	108
Dysfunctional bleeding .....	109
Amenorrhea .....	109
<b>10. Contraceptive Methods.....</b>	<b>113</b>
The IUD .....	114
Hormonal contraception .....	117
Birth control pills.....	117
Extended-cycle oral contraceptive combination pills.....	121
The minipill.....	122
The morning after pill .....	122
The once-a-month pill .....	123
Injectable Progestin.....	124
Implants .....	125
Barrier methods of contraception .....	125

"Natural methods" of birth control .....	130
Non-contraceptive means of birth control .....	131
New contraceptives on the horizon? .....	132
<b>11. The Pelvic Exam and Abortion Procedures.....</b>	<b>135</b>
